

Childhood Education
International™

Our mission is to develop and amplify
innovative solutions to significant
education challenges worldwide.

Childhood Education International has worked at the intersection of education, human development, and international development since 1892. With specialists in over 35 nations, we continue to fulfill our mission of seeking innovative solutions to education challenges by providing professional development opportunities, technical assistance, and consultation services around the world.

We want to **transform education** so that every child has access to **quality** and **equitable** educational experiences that uphold the **right to learn**.

Our work is primarily conducted through our

3 Practice Areas:

Innovative Leadership

Evolving education challenges require supporting leaders who think outside the box.

Child Health & Well-Being

A holistic view of child health and well-being is necessary for them to grow and develop.

Rethinking Education

Solving education challenges requires constantly reassessing our ideas of education.
