

CHILDHOOD EDUCATION INNOVATIONS

Childhood Education: Innovations provides unique, stimulating information about educational programs around the world. Articles explore solutions to specific challenges affecting schools, teachers, and learners, and showcase the most recent innovations being developed and implemented to address those challenges.

Articles planned for the July/August 2021 issue:

-  **A Sustainable Start for the Youngest Congolese Refugees in Uganda**
Children on the Edge brings sustainable early childhood development programs to refugee camps.
-  **Playing to Learn: Playscapes as sites of transformation in Tanzania**
A natural playscape at a demonstration preschool promotes play-based learning/teaching strategies.
-  **Talking *With* Children in Multilingual Preschools in Central Vietnam**
VVOB promotes use of mother tongue language in preschool programs.
-  **MyMachine: Collaboration to build creative confidence**
MyMachine is a unique intergenerational collaboration of students who bring to life children's "dream machine" ideas.
-  **ANEER, Community-Based Preschool in Remote Morocco**
Zakoura Foundation is dedicated to providing free and quality education throughout life to underserved populations in Morocco.
-  **Making Restorative Justice Friendly for 1st Grade**
Using Restorative Justice with young children requires an initial understanding of feelings and practice in expression.
-  **The Wild Side of STEAM**
The National Zoo in Washington, DC, developed videos to demonstrate the wide variety of careers and knowledge that can benefit zoos and animal conservation.
-  **How Gamification Mechanics Can Improve Student Engagement**
Gamification can be used in the classroom to improve student engagement. The authors will describe 5 essential components of gamification: goals, rules, feedback, rewards, and motivation.
-  **Online Storytelling for Young Children During the Pandemic**
The pandemic prompted efforts to equip student teachers with the knowledge and skills to support online teaching. This article will explore such efforts, focusing on storytelling.
-  **Bringing Education to Life With a Drive-In Cinema**
Using the real-world problems associated with building a drive-in cinema inspires students' learning.
