

# CHILDHOOD EDUCATION INNOVATIONS

*Childhood Education: Innovations* provides unique, stimulating information about educational programs around the world. Articles explore solutions to specific challenges affecting schools, teachers, and learners, and showcase the most recent innovations being developed and implemented to address those challenges.

*Articles planned for the September/October 2021 issue:*

-  **Project-Based Learning: Helping students thrive both socially and emotionally**  
Students work together on STEAM-based challenges through Destination Imagination.
-  **The Transforming Power of ProFuturo “E-ducation”**  
ProFuturo implements its digital education program in places where there are great needs and few resources.
-  **Enhancing Education Quality With Localized Lessons**  
Video lessons bundled with detailed lesson plans and assessments make standards-based content accessible to teachers and students.
-  **The Everyday Magic of Positive Education**  
Experiencing positive emotions helps develop reserves of resilience and inner strength that children can draw on when they need.
-  **Physically Active Learning With Tagtiv8**  
Physically Active Learning (PAL) is an alternative approach that seamlessly integrates movement with learning.
-  **Opening the Door to Language and Digital Skills**  
In rural Cambodia, students are learning the English language via Android tablets.
-  **Self-Designed Learning in Nooks: Exploring alternatives to mainstream education**  
Project DEFY makes self-directed learning possible for learners in South Asia and Africa.
-  **Play Is a Pathway to Science: STEAM education in early education**  
Children in early childhood programs are not too young to start learning science.
-  **Fuji Kindergarten: Architecture of open play and learning**  
Fuji Kindergarten in Tachikawa, Japan, is an innovative school design.
-  **Art in the Time of Corona: Transforming learning for 4.7 million children**  
Slam Out Loud in India uses the power of performance and visual arts to help children from disadvantaged communities build creative and confidence skills.
