

CHILDHOOD EDUCATION INNOVATIONS

Childhood Education: Innovations provides unique, stimulating information about educational programs around the world. Articles explore solutions to specific challenges affecting schools, teachers, and learners, and showcase the most recent innovations being developed and implemented to address those challenges.

Articles planned for the January/February 2023 issue:

-  **Urgency and Opportunity: Preparing a Generation of Solutionaries**
The principles of humane education should be central to the work of schools worldwide.
-  **School Leadership: A Viable Solution to 21st Century Education Challenges**
Citizen Leader Lab focuses on the empowerment of school principals as drivers of quality education.
-  **Weaving Learning and Digital Technologies at New Zealand Museums**
Museum of New Zealand Te Papa Tongarewa facilitates digital technology learning for students and teachers.
-  **Contemporary Art as Context for Education: Nube Lab**
Contemporary art and artists can make an important contribution to education.
-  **Inspire Citizens: Bringing Holistic Global Citizenship to Life in Schools**
Authentic, engaged global citizenship can transform education into a dynamic, relevant, and impactful force for good.
-  **Children With Autism Soar Through Superhero Play**
Superhero play provides opportunities to feel confident in new play situations with peers and increase language, vocabulary, and social skills.
-  **Moving Forward in Early Childhood: An Opinion**
It is important to celebrate and build on significant advances made in the early childhood field over the years.
-  **Celebrating the Diversity of Students in a Cohesive ECE Classroom**
Culturally responsive teaching acknowledges the need to include students' cultural references in their learning.
-  **onetab: An Adaptive Learning Solution to Tackle the Global Learning Crisis**
Comprehensive education technology solutions that focus on supporting the world's most marginalized children.
-  **Empowering Filipino Learners Through EdTech**
Empowering Filipino youth with skills and knowledge to make better-informed decisions about their education, careers, and lives.
