

CHILDHOOD EDUCATION INNOVATIONS

Childhood Education: Innovations provides unique, stimulating information about educational programs around the world. Articles explore solutions to specific challenges affecting schools, teachers, and learners, and showcase the most recent innovations being developed and implemented to address those challenges.

Articles planned for the March/April 2025 issue:

In Their Shoes: Active Empathy Through Emotional Literacy With Theatre of Awareness

Building a culture of peace through emotional education in Spain.

Transformative Arts Education: Interview With Ssekitto Kalule Emmanuel, CEO of Faces Up Uganda

Faces Up Uganda empowers young people through creative arts, education, and community development initiatives.

Cultivating Creativity Through Books: A Story of Underserved Readers

Children in Nigeria receive access to different genres of books and learn explicit comprehension skills.

The Heart of Education: Being Called to Teach

A call or passion for teaching transcends the obstacles and helps teachers understand the value of their profession.

Digital Access, Literacy, Fluency, and Agency: Enabling Conditions for Teacher Learning and Leadership

Digital access, literacy, fluency, and agency are essential to teachers' professional growth.

Training Early Childhood Educators in Disadvantaged Urban Schools: The Gonaives Experience, Haiti

An innovative teacher training program to improve quality of education in Haiti.

Empowering Dreams in Uganda: The Inspiring Journey of Go So High Foundation

The Go So High Foundation is dedicated to empowering marginalized children through innovative education and social entrepreneurship.

Ganbare! We Are the Champions in Japanese Preschools

The introduction of persistence (*ganbare*) during the preschool years in Japan is a strong indicator of later success in school.

Fueling Curiosity: How Formula 1 Racing Sparked an Educational Adventure

Tapping into a child's enthusiasm to promote learning through the Montessori method.

Children's Diary Drawings and Their Inner Voice

Through children's drawings, adults learn more about children's emotional and psychological needs and development.
