

CHILDHOOD EDUCATION INNOVATIONS

Childhood Education: Innovations provides unique, stimulating information about educational programs around the world. Articles explore solutions to specific challenges affecting schools, teachers, and learners, and showcase the most recent innovations being developed and implemented to address those challenges.

Articles planned for the July/August 2025 issue:

Girl Rising Uses the Power of Stories to Ignite Change

Girls' education is one of the most powerful forces for economic and social progress.

The Dulce Sal Network: Regenerative Leadership and Nature-Based Education in Barranquilla, Colombia

Regenerative leadership offers a holistic and systemic approach to addressing socio-environmental problems.

E-Msingi: A Whole-School Approach for Empowering Learners in Africa

The E-Msingi initiative is building a strong educational base through digital platforms.

Shifting Power in Accountability Systems: A Look at Reciprocal Accountability Structures Across the Globe

"Reciprocal accountability" offers a new path for more meaningful school quality systems.

Corporate Support for Early Childhood Development: A Holistic Framework

By recognizing the diverse roles companies can play, we can build stronger partnerships that create lasting impact.

El Salvador Bets on Transformation: An Impact Model for Early Childhood Care

All companies in El Salvador with more than 100 employees are being required to provide a childcare benefit for their employees.

And What Do You Think? Listening to Serbian Students' Voices About Social-Emotional Learning

Serbian students share their thoughts about social-emotional learning.

Children Reimagining Their City: Early Childhood Education as an Engine for Social Creativity and Transformation

How do we let even the youngest citizens participate in a city's vivid transformation?

Discovery Boxes: Cultivating SEL and Historical Literacy in K-2 Classrooms

Discovery boxes offer teachers an innovative approach to restoring social studies as a central component of early elementary education.

Planting the "Seed" of Sustainable Development Through Loose Parts Play

Educators can help children make real-world connections to the challenges around them.

Whose Play Is More Valuable? A Commentary on Sharing

What lessons about sharing do we want to convey?
